MULTI-USE LUGGAGE & EQUIPMENT CARRIER

## A strong, dynamic carrier for personal, tactical or medical equipment

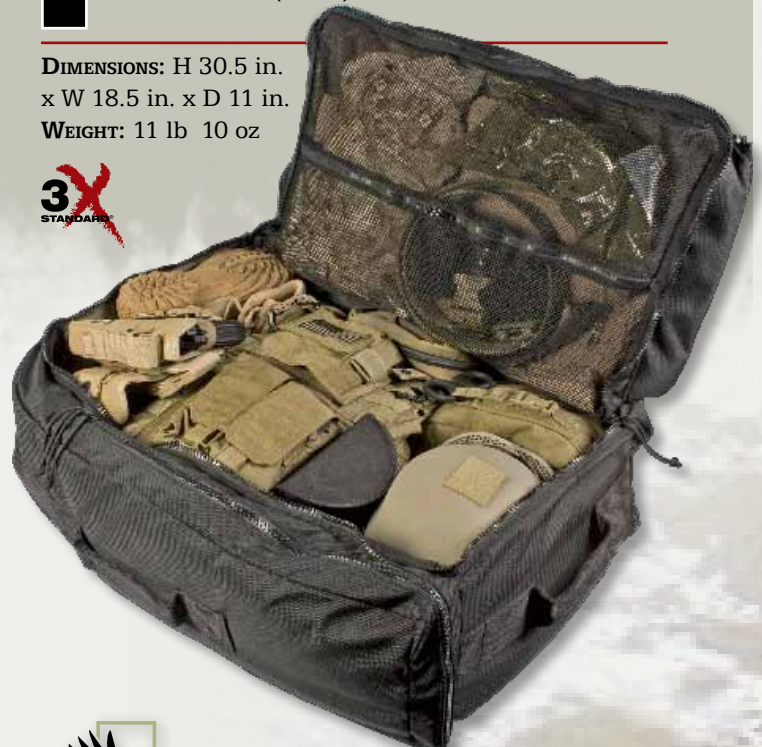

The MULE™ from North American Rescue is a dynamic multi-use luggage and equipment carrier built for battlefields. Its telescoping handle and rollerblade wheels offer convenience; hidden rucksack shoulder pads offer a quick, comfortable backup. The gear bag's inside and outside pockets allow organized storage of critical supplies. Front pockets are padded for sensitive items. Made of heavy-duty water-resistant 1050 Denier, the MULE™ lives up to its name.

- Large main compartment with mesh pockets on the inside lid for maximum storage of critical items
- Expanding pockets with open channels on the bag's outside ends
- 2 padded medium-sized pockets on the front for fast access
- Suitcase-style carrying handles on top and side
- Telescoping handle and rollerblade wheels
- Hidden rucksack shoulder pads
