Immediately:

1. **Examine** your inventory and quarantine all product identified in this recall notification.
2. **Discontinue** all distribution or use of the recalled products identified in this recall notification.
3. **Identify** the 30-0088 and verify the recalled lots and UDI numbers listed above.
4. **Complete** the Recall Return Response Form, including all requested information, even if you do not have the recalled product.
5. **Contact** recalls@narescue.com and provide your completed Recall Return Response Form in order to receive a replacement and arrange for the return of the recalled lots.
6. **For assistance** completing these steps or questions regarding your order, please contact NAR Customer Service toll free at 1-888-689-6277. (Please have your customer order number available for reference.)

This recall should be carried out to the user level. Your assistance is appreciated and necessary to prevent patient harm. If you have further distributed this product, please:

1. Identify your customers and immediately notify them of this product recall. Your notification to your customers may be enhanced by including a copy of this recall notification letter.
2. Instruct your customers to return product to your facility, and you will then coordinate with NAR to return your customer's product. NAR can only give refund or replacements to their direct customers.

Please complete and return the Recall Return Response Form as soon as possible.

This recall is being made with the knowledge of the Food and Drug Administration.

Once again, we regret this situation and desire to make sure that a replacement is available to you without cost and with minimum inconvenience. North American Rescue remains committed to provide only the highest quality products and services for you, our valued customer.
