

INDIVIDUAL PATROL OFFICER KIT™ IPOK®

North American Rescue's compact, vacuum-sealed hemorrhage control kit is small enough to be carried on your person, where it is needed most. The IPOK® is an individual hemorrhage control kit designed to treat bleeding from penetrating and other traumatic injuries, the number one cause of preventable death in the tactical environment. The quality rugged, durable, vacuum-sealed packaging features NAR's signature Red Tip Technology® ensuring quality & performance. Available with your choice of gauze or hemostatic dressing (Celox™, ChitoGauze®PRO or Combat Gauze™).

- Contains everything needed to quickly address moderate to severely bleeding injuries
- Packaged for small cube space, designed to fit into a BDU pocket, vest pouch or individual bag
- Includes your choice of gauze dressing to help control bleeding: Z-fold Gauze or a hemostatic bandage (Celox™ Gauze, ChitoGauze®PRO or Combat Gauze™)

*NOTE: The Item & NSN numbers depicted are for the purpose of restocking individual components & may differ from those individual items packed in the kit. Kit contents subject to change dependant upon DoD requirements.

3 hemostatic dressing options available – help control bleeding in hemorrhage not amenable to tourniquet application ▼
