

Public Access Bleeding Control TWIN PACK

REVO61118

Public Access Bleeding Control Kit designed to fit next to an AED in the cabinet...

The first minutes following a traumatic injury are crucial in saving a life. Uncontrolled bleeding can result in death within minutes—even before emergency medical services or other emergency responders can arrive. The North American Rescue® (NAR) Public Access Bleeding Control (PABC) Twin Pack is designed to provide bystanders and initial first responders with quick and easy access to essential medical equipment for stopping life-threatening bleeding. The Twin Pack includes the contents of 2 Individual Bleeding Control Kits contained inside one easy-to-open nylon carrying case that is designed to fit next to an AED in the cabinet.

NAR PABC Twin Packs are available in Basic, Intermediate, and Advanced BCD configurations.

Features:

- Designed to provide essential equipment that empowers the general public to take action as immediate responders in stopping life threatening bleeding
- Provides intuitive and easy-to-use tools that are proven to help to save lives
- Contents of 2 Public Access Individual Bleeding Control in one convenient kit
- Packaged in a compact, ruggedized nylon bag designed to fit next to an AED in the cabinet
- Available in Basic, Intermediate, and Advanced BCD configurations

Dimensions:

- L 10 in. x H 9 in. x D 3 in.
- Weights:
 - Basic:** 1.66 lb
 - Intermediate:** 1.66 lb
 - Advanced BCD:** 1.66 lb
