

MCI RAPID RESPONSE THROW KIT

REV051922

Hands Free, Point of Wounding Solution with the enhanced ability of rapid distribution of medical gear to treat a large number of injured patients in a mass casualty situation...

North American Rescue has designed this rapid response sling bag designed to take the guesswork out of the management of a critical incident by providing the rapid distribution of necessary life saving equipment over a large scene. This convenient kit includes 6 Individual Throw Kits with essential lifesaving bleeding control equipment designed for rapid deployment to on-scene responders. The rugged nylon sling bag features exterior MOLLE-style attachments so the user can customize the bag according to their needs while providing ample storage for extra gear such as a Rescue Harness for casualty evacuation (sold separately). Equip bystanders with the essential medical tools needed to take immediate action in life threatening emergencies!

Features:

- 6 Individual Throw Kits in a compact nylon sling bag for rapid deployment of essential lifesaving bleeding control equipment to on-scene responders
- Easy to carry and distribute to bystanders responding to an emergency
- Designed to provide the essential bleeding control equipment needed to help save a life
- Small, compact and easy to use
- Kits contains the same Tourniquet recommended by the U.S. Military & the American College of Surgeons Committee on Trauma to control bleeding
- Black, nylon backpack with MOLLE-style attachment system

Specifications:

- H 12 in. x W 7.5 in. x D 4 in.
- Weight: 3.5 lbs
