

IPOK[®] - Individual Patrol Officer Kit[™]

Compact hemorrhage control kit designed to fit into a BDU pocket...

The Individual Patrol Officer Kit[™] (IPOK[®]) from North American Rescue[®] is designed to provide personnel with a compact and durable individual hemorrhage control kit to treat bleeding from penetrating and other traumatic injuries.

These kits are packaged for small cube space and designed to fit into a BDU pocket, vest pouch, or individual bag, which allows personnel to keep a compact bleeding control kit on their person, where it is needed most. The contents are vacuum sealed in a rugged and durable packaging that is easy to open.
