

Instructions for Packing the CAT[®] Tourniquet in the C3

CAT[®] Carrier

C3

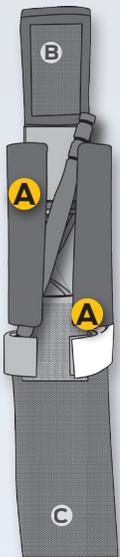

Concealed C-A-T[®] Carrier

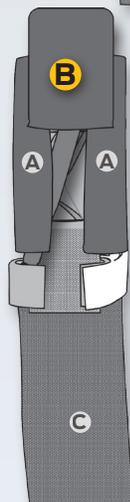

1 Make sure the CAT[®] Tourniquet is in the one-handed configuration.

2 Open the C3 Concealed CAT[®] Carrier as shown to the left. (ensure the product label is visible.)

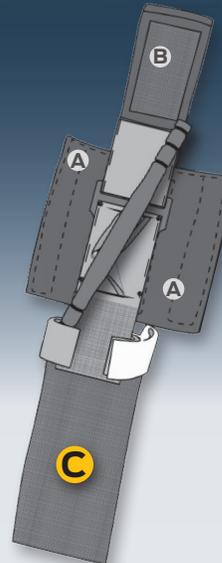

3 Place the CAT[®] Tourniquet directly over product label with Windlass clip facing flap "C", making sure windlass bar is facing away from product label.

4 Fold "A" Flaps over the CAT[®] Tourniquet

5 Fold "B" Flap over and adhere to "A" Flaps already covering the CAT[®] Tourniquet

6 Pull "C" Flap out and up enough to fold over the CAT[®] Tourniquet and adhere to "B" Flap, making sure the elastic strap fits into the opening of the Windlass Clip.
