## Maximum storage for critical items...

The M.U.L.E. II (Multi-Use Luggage and Equipment carrier) from North American Rescue is a dynamic wheeled duffel bag that accommodates personal, tactical, or medical equipment with equal ease. For storing contents, the M.U.L.E. II has a large main compartment coupled with multiple meshed zippered pockets as well as two long storage pockets on the inside to provide maximum storage for critical items. For transporting contents, this bag has multiple points of carry handles as well as three durable 3.75 in. diameter wheels.

When wheeled luggage is preferred but not necessarily practical, the M.U.L.E. II is a perfect solution. It offers roomy dimensions of 40 in. x 15 in. x 15 in. for a 9,000 cubic-inch capacity, all for a slight 15.4 pounds. Its rugged construction of 1,000 Denier fabric with #10 self-repairing coil zipper on the main closure offer both flexibility and reliability.

### Features:
