NAR® RESCUE SLEEVE II™

AND ACCESSORIES

The Ultimate in Patient Immobilization...

The NAR Rescue Sleeve II™ is the industry's ultimate immobilization system supporting both vertical and horizontal hoisting. Simple and secure, the Rescue Sleeve II™ gives confidence to operators and comfort to patients. Used extensively in the field and refined for enhanced stability and overall functionality, it is standard issue to all U.S. Navy ships.

NOTE: Spine board sold separately. Hoisting straps & carabiners not included.

NOTE: Head Block and Carry Case are included and are also available separately for resupply. Head and Chin straps are sold separately.
