# EMERGENCY TRAUMA DRESSINGS - ETD®

## *STANDARD ROLLED - 4 & 6 IN.*

***Learn more* about this and other *Products with a Mission*® at *www.NARescue.com***

### Rapid, controlled, effective bandaging

The Emergency Trauma Dressing (ETD®) series of bandages are engineered using data from over 63 After Action Reviews (AARs) of real-world battle dressing applications. The ETD® consists of a resilient elastic wrap equipped with a sterile non-adherent pad, durable securing device and innovative Quick-Grip Roll Control configuration. This combination facilitates a rapid, controlled, and extremely effective application process in the most demanding conditions.

The ETD® can also be used to sling and swath an arm, to secure splints to an extremity or to perform in any other function requiring an elastic wrap.
