

# TACTICAL HARNESS ACCESSORY GEAR LOOP *Coyote*

REV102122

A multi-disciplinary tactical harness for use in various operational environments. NAR & Edelrid have joined forces to bring the new Edelrid Tactical Harness to the US. Edelrid is the industry leader with 150 years of experience in rope and climbing gear manufacturing. A full customer solution, the tactical harness system is not only an emergency harness, but it can also be fully used as a climbing harness and can be worn comfortable loaded or unloaded.

Key Differentiators: single tie-in attachment point, sized to integrate into standard pant loops, no carabiner needed to connect belt to leg loops, triple lock safety buckle, integrates into or under any battle belt, built in indicator threads inside webbing for visual on wear, sleek, smooth and easy to use.

## Features:

- Gear Loop ONLY - sold as each
- Gear Loops add to belt with webbing loop containing internal hook and loop keeping gear securely in place
- Placement easily adjusted using internal hook and loop
- Durable tubing around webbing creates a solid and easily attachable surface

## Dimensions:

- L 12 in.
- Weight: 0.06 lbs
