

WHEELED LITTER CARRIER

REV103018

Lightest wheeled litter cart on the market for single patient transport...

The Wheeled Litter Carrier from North American Rescue is the lightest wheeled litter cart on the market for single person transport to & from MedEVAC vehicles, aircraft, etc. With it's secure locking clamp system, this carrier can hold the litter firmly in place while allowing for different litter widths.

Compatible with Talon, Raven, MedEvac & T3 litters, the Wheeled Litter Carrier also performs as a litter stand in the field due to it's unique wheel locking system. The carrier also is available with a rugged, stackable storage case with wheels for easy storage and transport.

The Wheeled Litter Carrier is quick and easy to deploy or disassemble for storage. High strength materials allow for a payload of 550 lb, and rugged, high-strength wheels are suitable for most environments and terrains.

NOTE: Litter sold separately

Carrier is also available with a case ►
