Train to stop life threatening bleeding and SAVE A LIFE!

Public Access Individual Bleeding Control Trainer Kits by North American Rescue® provide the appropriate equipment needed to teach individuals the necessary life-saving skills of bleeding control. Designed to correspond with the equipment found in our core Advanced Public Access Bleeding Control Kits, these individual trainers come fully packed in a distinctive blue nylon bag and contain trainers of intuitive, easy-to-use tools proven to help to save lives such as the C-A-T® tourniquet, gauze, pressure dressings, hemostatic, and chest seal. Also included are step-by-step illustrated "Just In Time" pictorial instructions. These trainers are available in Basic, Intermediate, and Advanced configurations.

Features:

- The appropriate equipment needed to teach individuals the necessary life-saving skills of bleeding control
- Corresponds with equipment found in NAR's core Advanced Public Access Bleeding Control Kits
- Kits are available in Basic, Intermediate, and Advanced configurations
- Packaged in a compact, blue nylon carry bag with PVC Bleeding Control Patch
