

TACTICAL X-SHEARS HOLSTER

REV010424

A Must Have...

The XShear® Gen2 Tactical Holster design offers secure retention coupled with smooth, rapid deployment.

This holster is optimized for carrying on a belt, vest or radio strap, even upside down. The XShear® team went over every detail meticulously to make the most adaptable, innovative and user friendly product possible. This design utilizes chemical resistant retention bands to provide the securing tension needed allowing easy deployment with no secondary operations.

Features:

- Rugged molded ABS construction
- Flex-lock Dual Band retention system - with an audible click on engagement
- Smooth, rapid deployment
- Configurable for left or right carry
- Universal Belt Clip Bracket - supports a variety of OEM and aftermarket clip types and configuration
- Ships with a quality Discrete Carry Concepts belt clip installed
- Made in the USA
- 5 Year Warranty
