

MEDIC/LEG RIG KIT

Designed for the Tactical Medic

Learn more about this and other Products with a Mission® at www.NARescue.com

Tactical Healthcare Professionals who want rapid access to critical basic and advanced equipment by their side choose the Combat Casualty Response Kit® – Medic/Leg Rig™.

The container/bag is constructed of 500D CORDURA® Solution-Dyed Nylon with Near Infrared Signature Reduction, Ghillie-Text IR signature reduction hardware and silent, self repairing nylon zippers with 550 pull cords.

The kit can be employed in three ways:

1. Using the split-tale connector with height adjustment and Quick-Grip™ leg straps
 2. ALS/MOLLE style webbing for att. to the aidbag/ backpack
 3. Fasten to the web/gun belt using the quick weave method.
- Belt and leg attachment straps can be removed and reattached as needed to allow maximum flexibility during load carriage configuration.
