

# BLEEDING CONTROL TRAINER - STB

REV040424

***The top cause of preventable death in trauma is bleeding.***

Preparation is key to being ready in the event that life threatening bleeding occurs. To facilitate training in how to stop bleeding in these emergency situations, North American Rescue® has specially designed this convenient kit containing training items that correspond with the necessary tools recommended by the American College of Surgeons Committee on Trauma to equip bystanders to help save lives in the instance of life threatening bleeding. Also included are step-by-step illustrated "Just in Time" pictorial instructions.

## Features:

- Designed to provide the essential training equipment to teach how to control bleeding
- Contains training items that correspond with the necessary tools recommended by the American College of Surgeons Committee on Trauma to equip bystanders to help save lives in the instance of life threatening bleeding
- Includes illustrated "Just in Time" pictorial instructions

## Dimensions:

- H 7 in. x W 5 in. x D 2.5 in.
