

# PETZL® GRIGRI 2 BELAY Device

# RESCUE

## Allows Excellent Control...

Compact, ultra-light belay device allows excellent control during the descent with assisted braking capability on all single dynamic 8.9 to 11 mm rope.

Enables one hand to hold the rope while the other utilizes the patented handle to unlock the cam for a gradual, controlled release that ensures added security when lowering a partner or rappelling.

Aluminum side plates, stainless steel cam and friction plate, reinforced nylon handle.

## Features:

- Compact, ultra-light belay device featuring aluminum side plates, reinforced nylon handle, stainless steel cam and friction plate
