

MINI TRAUMA AID KIT

(MINI-TAK)

Ultra Compact Kit Designed To Be Paired With A Tourniquet Holder And Genuine C-A-T® Tourniquet

The Mini Trauma Aid Kit (M-TAK) delivers the smallest platform in the North American Rescue® line up. The pouch / sleeve features MOLLE / PALS connection system for securing to compatible vests, larger bags, or belts in order to provide rapid access. Included inside the pouch is the removable shock cord panel that closes with a hook and loop connected flap to ensure contents are protected and secure within the pouch. When lifted, the flap becomes an easy grip for rapidly removing the shock cord panel to access the contents. Constructed with durable nylon and emblazoned with a sewn medical cross for easy identification in the field.

FEATURES/SPECIFICATIONS

- Bag only, contents NOT included
- The Mini-Tak (M-TAK) bag is smallest and most compact nylon platform in the North American Rescue® lineup
- Detachable (hook & loop backed) shock-cord inner panel adjusts to secure internal components & is easily removable for rapid access
