

# OUT-PAK (LCL)

## Outdoor Personal Aid Kit (Laser Cut Laminate)

### A compact Mini First Aid Kit...now in LCL Nylon!

North American Rescue's Outdoor Personal Aid Kit (OUT-PAK) - now featuring Laser Cut Laminate (LCL) MOLLE - was designed as a multi-use IFAK for delivering immediate care for injuries encountered in an outdoor adventure. At half the size of our popular TORK platform, the OUT-PAK is currently one of the smallest platforms available in our product offering. Despite its reduced size, this kit comes fully loaded with the essential medical equipment for Basic, Basic with Celox™ Hemostatic Dressing, or Basic with QuikClot® Bleeding Control Dressing.

This Individual First Aid Kit's super compact, rugged nylon bag opens via 550 cord zipper pulls from the side in a clam shell configuration utilizing (2) two main sleeves that open on both ends for easy access and features multiple elastic loops for secure gear organization. The bag's exterior includes a MOLLE backing for mounting in the standard vertical position as well as a 3 inch internal sleeve for accommodating horizontal attachment to your duty belt. The vertical mount can be set to open left-to-right or right-to-left based on shooter preference, while the horizontal mount on a belt allows opening directly to your C-A-T® tourniquet. Also included are a loop patch on front of the bag for custom user labeling and (3) three MOLLE strips on the front, and (2) two MOLLE strips on the spine's edge to attach additional gear such as TQ/holders, tactical lights, or knives (sold separately) if needed.

### FEATURES/SPECIFICATIONS

- NAR's most compact, versatile Outdoor Personal Aid Kit Platform designed for outdoor adventure
- Contains essential point-of-wounding medical equipment for treating injuries
- Half the size of our popular TORK platform
- The LCL IFAKs are double spaced for the MOLLE attachment points on the rear of each IFAK for maximum adjustability and super secure mounting to any platform
- Compatible with NAR® Quick Detach Panels (sold separately)
