

# LEATHERMAN® MUT

## RESCUE

### Tactical & Practical Multi-Tool...

North American Rescue is proud to offer the MUT from Leatherman®, the industry leader in application-driven, quality-made multi-tools for the last 30 years.

With the Leatherman® MUT you never have to worry about having the right tools on you at the right time, this multi-tool functions as both a tactical and practical tool for military, law enforcement, and civilian shooters.

Leatherman thought of everything in the design and functionality of the MUT. The MUT features multiple areas on the tool threaded for cleaning rods and brushes and all the screwdriver bits are sized for standard military and civilian sighting adjustment work. Also built into the design of the tool is the flexibility to replace the most commonly used parts on the spot, using a simple Torx #8, keeping down-time to a minimum.

Coated with black oxide (a powder-based metal coating) ideal for tactical situations where giving away your location could be costly, the MUT helps you accomplish your mission, maintain your field gear and lighten up your kit.

Also includes a MOLLE sheath and scope adjustment wrench plus all backed by Leatherman's 25 Year warranty.
