

SUPPLEMENTAL AID MODULE

The Supplemental Aid Module from North American Rescue® is here when major trauma is not. This kit is compact and is a great add-on to most bleeding control kits, trauma kits, EDC, or your IFAK for those not so traumatic injuries. From minor cuts and bee stings to poison ivy and burns this kit has you covered. This kit also features chafing ointment for those who love hiking, biking or walking on the beach. It also serves as a quick refill for those commonly used items in first aid kits.

The Supplemental Aid Module comes in a compact aLOKSAK® package. The aLOKSAK® bag is comprised of a 6 Mil patent protected new generation film with a Hermetic Seal that ensures waterproofing and airtight seal. The bag is certified waterproof up to 200 Feet / 60 Meters.
