

KERICLEANZ®

ANTISEPTIC SPRAY

Silver Enhanced, No Rinse, Easy To Use Wound Cleanser

The KeriCleanz® Antiseptic Spray is a spray-on Wound Wash which helps reduce bacteria that cause infection and works to disrupt biofilms and established infections to help begin the healing process. Formulated with antimicrobial hydrogen peroxide (1% v/v) that is enhanced with a powerful silver hydrosol, this potent wound cleanser has proven to disrupt bacteria in as little as 10 minutes. A simple, no rinse, easy to use wound cleanser, with bubbling action to let you know the product is working.

KERICLEANZ®

ANTISEPTIC SPRAY

Wound Application Guide

- 1** Gently invert bottle to evenly mix.

NOTE: Bubbling may occur as the wound is cleansed. Do not wipe or rinse. Kills germs within 10 seconds.

- 2** Spray wound to fully cover area.

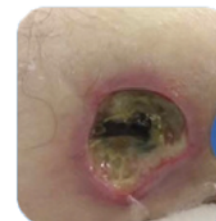

- 3** Apply Field Shield Dressing directly over treated area.

KERICLEANZ IN ACTION

A severe pressure wound was treated with KeriCleanz and a super absorber dressing. The wound showed major healing in 2 months and was nearly closed by 3 months — no surgery needed.

Before KeriCleanz

1 month with KeriCleanz

2.5 months with Kericleanz

~ 3 months with KeriCleanz
