

SMAS-H Kit

Scalable Mechanical Advantage System-HEAVY

Slim profile trauma aid pack designed to carry a minimum of two complete sets of IFAK contents along with additional trauma supplies

The RUF Kit from North American Rescue is a slim profile trauma aid pack designed to carry a minimum of two complete sets of IFAK contents along with additional trauma supplies. Designed with two tear away internal panels that hold standard IFAK contents and two tear away clear accessory pouches for additional supplies. The internal kit also has a shock cord panel designed to hold a compact, soft litter. The kit can be worn with a single bandolier style sling strap as well as comes with a waist strap that can be removed based on the user's needs. The RUF Bag is also available as a bag only (No gear or PVC Med Patch)
