

BENCHMADE® SBK TRIAGE

AXIS® LOCK & AXIS® AUTO LOCK

The Ultimate Triple Utility Tool

The Benchmade® 917 SBK & 9170 SBK Auto Triage Knives offer a modern tactical update to the original Triage rescue knife. Combining their popular AXIS® lock with a folding strap cutter safety hook and a carbide glass breaker tip, Benchmade® offers the ultimate triple utility tool.

The **917 SBK Triage** features a slightly larger build, premium drop point style CPM-S30V steel blade in a black finish, partially serrated edge, and contoured G-10 handle with stainless steel liner

The **9170 SBK Auto Triage** is packaged in high-strength aluminum, with the speed and efficiency of the AXIS® Auto and an automatic opening hook. This product features a premium drop point style stainless steel blade in a black oxide finish, partially serrated edge, and a contoured aluminum handle with G-10 inlay.
