

MEDICATIONS MODULE

The North American Rescue® Medications Module is a compact, professionally curated collection of essential over-the-counter (OTC) medications designed to keep you mission-ready in any environment.

Whether you're deployed, in the field, or on a backcountry adventure, this lightweight module provides fast access to unit-dose medications that address the most common ailments, from pain and fever to allergies, and digestive distress. Each component is packaged in waterproof, clearly labeled pouches to ensure long-term durability and ease of use in all conditions. Compact, TSA-compliant, and built to fit seamlessly into any first aid kit.
