

TRAUMA & FIRST AID KITS (TFAK) HARD CASE - CLASS B

First Aid Kit for the workplace that exceeds ANSI/ISEA Z308.1-2021 Standard for Class B kits

The TFAK (Trauma and First Aid Kit) - Class B from North American Rescue® is designed as a portable First Aid Kit for the workplace that exceeds ANSI/ISEA Z308.1-2021 Standard for Class B kits. Our kits exceed the ANSI and OSHA standards by adding additional bleeding control elements. Packaged in a rigid carrying case that is easily transported to the patient's side, this kit offers the ability to treat the most common workplace injuries with the added benefit of being able to treat the most common workplace injuries with the added benefit of being able to control major bleeding with the C-A-T® Tourniquet, the fastest, safest, most effective prehospital field tourniquet in the world. The Class B Kit is equipped with larger quantities of supplies than our Class A kit, making it suitable to accommodate larger workplaces.
