DOOR PANEL KIT

The Door Panel Kit was created in order to provide a compact, easy to stow major bleeding control kit that can be kept within reach when operating a vehicle. This low profile configuration allows the kit to fit into most common door panel pockets for easy access in the event of an accident or injury on the highway. Kit contents also offer other minor care solutions for stings, smaller lacerations, abrasions, and burns.

FEATURES/SPECIFICATIONS

- Slim design to fit in vehicle door panel storage bin
- Mesh pouch with zipper closure for easy visual location of items
- Elastic straps secure contents for optimized organization
- 550 cord zipper pulls for quick opening

DIMENSIONS

- H 7 in. x W 7 in. x D 1.75 in.
- Weight: 1 lb 06 oz
