

MODULE KITS FOR TRAUMA FIRST AID KITS (TFAK) - CLASS A/B

Resupply the Hard Case Trauma & First Aid Kits that exceed ANSI/ISEA Z308.1-2021 for Class A & B

The Module Kits are modular products that are compatible with the Trauma & First Aid Kits (TFAK) Hard Case Kits - Class A and B (sold separately). They contain products that can treat common workplace injuries.

The TFAK (Trauma and First Aid Kit) - Class A from North American Rescue® is designed as a portable First Aid Kit for the workplace that exceeds ANSI/ISEA Z308.1-2021 Standard for Class A kits. Our kits exceed the ANSI and OSHA standards by adding additional bleeding control elements.

The Class B Kit is equipped with larger quantities of supplies than our Class A kit, making it suitable to accommodate larger workplaces.

Each Module Kit Sold Separately

Modular system featuring a rugged storage organizer for the TFAK hard case lid and attachable nylon pouches with easy-to-read treatment labels
