

# IFAK TRAINER *Individual First Aid Kit Trainer*

## The Necessary Training Equipment for Initial TCCC/TECC Care...

The TCCC Training IFAK is engineered for student use during trauma lanes or scenarios. Each IFAK contains the necessary equipment for initial TCCC/TECC care in an easy to attach modular carrying bag that can be worn as a drop-down leg rig attached to a belt with a quick-detach buckle system. The IFAK also has a removable belt and leg strap so it can be MOLLE attached to a vest as another carrying option.

### Features:

- The necessary training equipment for initial TCCC/TECC care in an easy to attach modular carrying bag that can be worn as a drop-down leg rig or attached to a belt with a quick-detach buckle system.
- The IFAK also has a removable belt and leg strap so it can be MOLLE attached to a vest as another carrying option.
