

NAR® ELITE LITTER™ - RESPONDER XL

Evacuation Litter for Incident Tactical Extraction

North American Rescue's ELITE Litter™ - Responder XL is a larger, cost-effective emergency carry litter designed for rapid deployment during casualty movement and is the ideal disposable litter for mass casualty incidents, disasters, active shooter events, as well as for everyday patient movements. This multi-use, water-resistant, disposable evacuation platform is 12 in. wider and 6 in. longer than our standard ELITE Litter™ and features 14 hand-holds (six on each side and one larger handle at each end) plus two built-in patient retention straps for easier and safer patient handling. The ELITE Litter™ - Responder XL is rated to 1,000 lb payload, offering more room, easier handling and overall safer patient transport. Check out the entire series of NAR® ELITE Litter™ products for the right features based on your requirements.
