DERMACLIP® EXTREME™

LARGE 3 PACK

The DermaClip® EXTREME™ Large 3-Clip Pack is designed for tactical medical kits, IFAKs, and austere environments where reliable wound closure is essential. Featuring a military-grade adhesive with 3.5 times the adhesive strength of standard DermaClip devices, its polyurethane-backed tape helps maintain adhesion in wet, sweaty, and high-activity conditions. The needle-free closure system mechanically approximates wound edges without sutures, staples, or tissue adhesive. Each package contains three large 21 mm clips providing up to 3 inches of closure length, making it a practical option for tactical medicine and prolonged field care. The device has a 5-year shelf life.

Close Wounds in Seconds!
