Provides the Necessary Medical Products to Treat the More Serious Medical Emergencies...

The Crisis Incident Response Kit from North American Rescue provides the necessary medical products to treat the more serious medical emergencies that may occur in a school, public or large setting.

This ruggedized Nylon kit was designed to combat life threatening emergencies such as the inability to breathe or major bleeding.

This high-visibility orange kit is easy to identify and provides carrying options such as over the shoulder, hand carry and fanny-pack style.

Features:

- The necessary emergency first aid products to treat several injured persons ranging from minor to severe injuries
- The School First Aid Kit designed to treat penetrating trauma and major bleeding as well as the administration of rescue breathing & basic first aid
- High visibility orange bag constructed of durable 1000 denier nylon with reflective trim
- Multiple carry options including over the shoulder, hand carry & fanny pack style
