Designed to meet the specific IFAK requirements of the U.S. Coast Guard

Designed to solve problems, not create them, the trim USCG IFAK from North American Rescue can be tucked into small spaces or carried about with ease until it is required for service. Built to the strict requirements of the United States Coast Guard, this improved first aid kit provides for safe first aid until a tactical healthcare professional arrives.

The USCG IFAK is a reliable solution. Made of the highest quality materials, our modular system can be worn by the operator as a drop-down leg rig, hooked directly to the duty belt, or attached to an assault vest or body armor with MOLLE-style connectors.
