

# NAVAL BOAT RESPONSE AID KIT

REV081420

## *Critical Life Saving Equipment for Emergency Care at Sea*

Boat Response Aid Kits from North American Rescue provide first responders with critical life saving equipment for rendering emergency care at sea in the austere conditions that exist on afloat vessels – both military and commercial.

Kits can be secured using an anti-pilferage seal and the water tight integrity helps to keep your medical products protected.

Meets the rigorous requirements of the U. S. Naval Ships, Military Sealift Command Ships and afloat commercial vessels.

### **Features:**

- Small, compact and rugged hard case
- Airtight, Waterproof and Sealable
- Contains 4 pouches for medical supplies; Bleed, ABD/Burn, Splint, and Eye
- Contains 1 utility pouch which is mounted to the lid of the box
- The pouches were designed to easily and quickly access the medical equipment necessary to respond to specific life threatening medical emergencies
- The pouches are attached by hook and loop to allow the first responder to remove the specific pouch to provide on scene care to the patient

### **Specifications:**

- H 6 in. x W 14 in. x D 10 in.
- Weight: 8 lb 10 oz
