# MINI TRAUMA SHEET BAG

***Designed for portability, visibility, and easy access***

Introducing the NAR® Mini Trauma Sheet, a portable, compact carry sheet that can carry life saving equipment. Contents can be customized to meet your mission requirements. The Mini Trauma Sheet can be rolled up to be carried to an incident, or hung in an ambulance, vehicle, or aircraft for easy access to medical supplies.

The Mini Trauma Sheet features clear vinyl pouches for easy identification of contents, and each pouch can be accessed through the large zipper opening. Pouches have loop fields enabling the use of hook and loop name tape labeling such as Bleed, Breathing, MISC, etc (name tapes are not included).

### SPECIFICATIONS

Closed: 13 in. W x 9.75 in. L x 2.75 in. D

Open: 13 in. W x 19 in. L x 1 in. D

Weight: .78 lbs.

## MINI TRAUMA SHEET KIT

- Can be rolled up and carried with the attached handles, or opened and hung using the sewn in D-Rings
- Four large pouches and one lower profile zippered pocket for maximum capacity
- Compact design for smaller vehicles, ambulances, etc.
- Ability to pack out however you like for best possible outcomes
- Hook and Loop attachment for name tape additions for better quality quick visual access

### First on the Scene (FOTS)

First on the Scene (FOTS), developed by NAEMT and the International Association of Fire Chiefs (IAFC), provides basic emergency response to life-threatening emergencies until EMS arrives on the scene. Through lesson presentations and hands-on skill stations, participants will learn how to access help in the event of a life-threatening emergency and what to do until EMS arrives. Recommended for LEO, security officers, general public, teachers.

#### Certifications Achieved:

NAEMT- FOTS provider card

### TECC-LEO

8-hour course specifically designed for law enforcement and first responders. Students will learn the three phases of tactical care: Hot, warm and cold zone. Skills include: hemorrhage control, airway control, thoracic injuries, splinting and casualty movements in lecture, skills and scenario based training. Training students on how to care for victims and themselves under high stress and dynamic environments. Upon passing the test, students receive NAEMT TECC-LEO certification.

#### Certifications Achieved:

NAEMT TECC- LEO, 8 hours of CAPCE credit

### TECC Provider

2-day, 16-hour, classroom course for EMTs and paramedics. Identifying the three phases of tactical care students will learn: Hemorrhage control including immediate action drills for tourniquet application; Complete coverage of the MARCH assessment; Surgical airway control and needle decompression; Strategies for treating wounded responders in threatening environments; Caring for pediatric patients; Techniques for dragging and carrying victims to safety; and A final, mass-casualty/active shooter event simulation.

#### Certifications Achieved:

NAEMT TECC card, 16 hours of CAPCE credit

### TECC Refresher

8-hour course for individuals who have successfully completed the 16-hour TECC provider course within the past four years. Current TECC provider certificate or wallet card required. Upon successful completion of the course, students receive a certificate of completion, TECC card, and 8 hours of CAPCE credit.

#### Certifications Achieved:

NAEMT TECC card, 8 hours of CAPCE credit

### FEDMED

5-8 day course designed specifically for EMT/AEMT/Paramedic Level Law Enforcement and TEMS. Students learn how to assess and treat various illnesses and injuries utilizing role players and simulations. Upon successful completion, AHA BLS, ACLS, PALS, NAEMT TECC certifications are achieved. Counts towards CAPCE accredited NAEMT EMT/AEMT/Paramedic refresher hours.

#### Certifications Achieved:

AHA BLS, ACLS, PALS, NAEMT TECC  
CAPCE accredited NAEMT EMT/AEMT/Paramedic refresher hours
