PRODUCTS

WITH A MISSION®

North American Rescue® (NAR®) is dedicated to **decreasing preventable death** by providing the most effective and highest quality **mission critical medical products** to our military, federal agencies, civilian law enforcement, EMS and pre-hospital life savers. We design, develop and test these products **based on the military's Tactical Combat Casualty Care (TCCC) guidelines**, Rescue Human Factors® engineering, evidence based medicine and an in-depth understanding of the requirements from you – our customers.

Ensuring that we remain at the **forefront of casualty care** as a premier provider of life-saving products and supplies, NAR has assembled a **seasoned staff** of former Special Operations medics, experienced Law Enforcement / SWAT / EMS healthcare providers, credentialed product development and quality professionals, former senior military medical officers and expert consultants.

NORTH AMERICAN RESCUE®

Simulation

PROFESSIONAL FULL MISSION PROFILE TACTICAL MEDICAL TRAINING EQUIPMENT

North American Rescue® Simulation specializes in the design and development of **effective tactical training simulation equipment** for military, law enforcement, and medical organizations. Our primary consideration is to create **products with such attention to detail** that they add **unparalleled realism** in creating the **combat training environment**.

NAR® Simulation focuses on creating simulations that provide **actual combat stress** in a training environment while **leveraging technology** to integrate our various simulation tools to create a **comprehensive training experience**.

ADD REALISM TO YOUR TRAINING

- **Medical Simulators**
Realistic, customizable all-in-one systems designed for classroom settings, trauma lanes, and field training
- **Wearable Wounds**
Realistic injuries feature exposed tissue and muscle with integrated bleeding system tubes that allows active bleeding during scenarios
- **Task Trainers**
Durable, compact, and cost-effective training solutions replicate real-world wound scenarios for both classroom and field applications
- **Environment Simulators**
Highly realistic environments for combat medical training with control of various environmental factors, including light, noise, wind, smoke, and other specialized components
- **Medical Device Simulators**
Replicate a patient's dynamically changing condition with appropriate/inappropriate interventions while instructors remain in control of all diagnostic values to challenge their student's ability
- **Parts & Supplies**
Find replacement parts or additional injuries for TOMManikin® or Tamikin® simulators, system components, storage solutions, and more

Explore **Simulation for the Real World™** and other great **Products with a Mission®** at www.NARescue.com/

NORTH AMERICAN RESCUE®

Education and Training

North American Rescue Education and Training (NAR Training)

has roots that run deep and wide in the world of pre-hospital medicine and technical rescue. Our team was built from the ground up on the vision and experience of seasoned military medics seeking to fill the training gaps commonly encountered in the operational environment.

Since then, we have continued to broaden our vision to include other invaluable first responder perspectives such as pre-hospital healthcare providers in civilian, law enforcement, emergency medical services and community public safety initiatives.

CORE Competencies

- Continuing Medical Education (CMEs)
- Prolonged Casualty Care
- Austere Medicine
- Technical Rescue
- Emergency Medical Services
- Critical Care Flight Medicine

Training Locations

ACCREDITATIONS:

AUTHORIZED
TRAINING
CENTER

NAR Training

delivers a broad range of curricula which frequently include **Hands-on Skills Stations**

and **Field Scenarios**

designed to develop both competence and confidence.

Using **Professional Role Players, Moulage Artists, Subject Matter Experts, High Fidelity Manikins, and State of the Art Facilities**, our team delivers unparalleled medical instruction to today's heroes.

COURSE LISTINGS

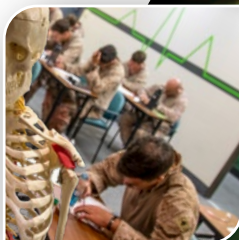

- **EMT & AEMT Initial Certification**
- **TCCC & TECC Training**
- **Special Operations Tactical Medical Refresher**
- **Cadaver Labs**
- **NAR Critical Care Course**
- **Austere Surgical Course**
- **Austere Rescue Course**
- **On Demand E-Learning**
- **Emergency Ground Tactics**
- **IBSC CCP-C & FP-C Certification**
- **EMR, EMT, AEMT, Paramedic refreshers**

WEST COAST

Tapping into the in-depth knowledge developed through operational experience, NAR Training has established two world class training centers. Our flagship training center in **Las Vegas, NV** features 20,000 sq ft of indoor training space with classrooms, table top labs, and open warehouse with moveable training aids. This facility also features access to DoD MOUT sites, ranges and 500 acres of open desert terrain. This facility is capable of hosting multiple concurrent courses with up to 75 total students. This facility is set up for DOD trainings, Public Safety, Community Preparedness, and Private Sector Partner.

EAST COAST

Our facility is located in **Greer, SC** and provides classroom space with open training area. This facility is set up to focus on Public Safety, Community preparedness, and Private Sector Partners. With capabilities to support DOD and large scale trainings with partner sites located near by.

Wherever the
MISSION
may take you...

NAR Training also offers **Customized Mobile Support** to augment your existing training programs. We deliver a wide variety of on-site services with highly skilled special effects team utilizing realistic moulage and simulation.

Lessons learned. Lives saved.
