**FOR IMMEDIATE RELEASE**

**NTOA INITIATES TACTICAL RESCUE TECHNICIAN COURSE**

The National Tactical Officers Association (NTOA), utilizing resources such as the military, SWAT teams, and North American Rescue, Inc. (NAR), has launched the Tactical Rescue Technician Course, a comprehensive 4-day tactical rescue and medicine curriculum designed to make the rescuer adaptable in high-threat situations.

Drawing on the wisdom and battle-proven tactics of Lt. Col. Dave Grossman and Ken Murray, the TRT course will educate in rapid extraction and urgent medical care leading to far more effective immediate casualty treatment. This course will be the first of many.

North American Rescue, Inc., based in Greer, South Carolina, has enjoyed the honor of serving their country, community, and customers for over a decade. By providing innovative casualty care solutions to first responders, health care professionals, and security forces at home and abroad, NAR is leading the fray to decrease preventable death on the battlefield, whether it be a foreign combat zone or the streets of America.
